Scripture of the Week

Romans 1:20: "Since the creation of the world, God's invisible qualities — his eternal power and divine nature — have been clearly seen, being understood from what has been made, so that men are without excuse."

The touch of God's hand is all around us. We see it in the order, beauty, and dazzling variety of creation. The great expanse of space, with its billions of stars, along with the incredible world of the microscopic are all testimony to an Orderer of great creativity. God has left his fingerprints all over his world so we can know that he has been here and will not abandon the work of his hands.
